DERRY RADICAL BOOKFAIR ARM YOURSELF WITH IDEAS!

On Saturday 27th January 2024, Derry will host the 8th annual Derry Radical Bookfair in Rossville Street. The event forms part of the week of events surrounding the annual Bloody Sunday March for Justice commemorative weekend.

Organisers of the event have welcomed today's announcement stating "We are delighted to begin planning for this years Derry Radical Bookfair, which will be our 8th annual show.

It's amazing, as it's become an annual event in the heart of the Bogside. Hundreds of people take part from the city and across country, as well as a number of international supporters who wouldn't miss it.

"The Radical Bookfair has grown both in name and in numbers making it an important annual political event on the calendar for many.

"We try to ensure local independent book sellers and publishers are represented as well as political publishers

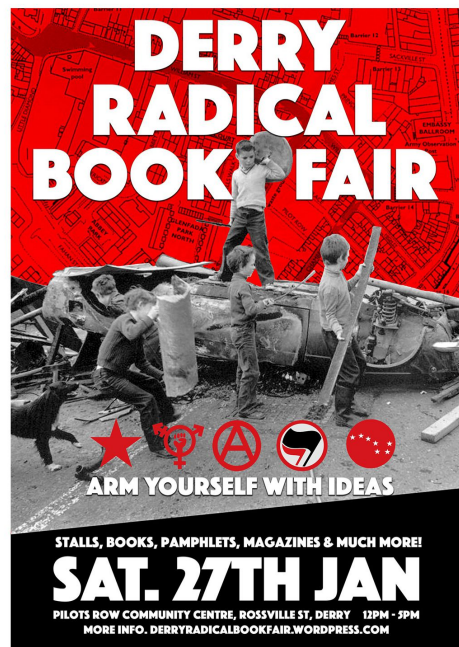

distributors from across country play part of this amazing one day event.

"Throughout the day, we always have a constant stream of participants from native politicos to political tourists, and the curious book lovers on the hunt for something new or old of interest.

"We host a broad range of stalls from a local or national interest, on feminism or queer politics, to republicanism, Marxism and of course anarchism.

"Likewise we also have a great mixture of book launches, talks or discussions which compliments the book and information stalls presented.

"At a time when the world seems to be going down the tubes socially, environmentally or politically, it's vital that we create a space, such as the Derry Radical Bookfair, so that those seeking away out of this chaos can arm themselves with ideas to create a new world beyond what we're currently being subjected to."

Derry Radical Bookfair kicks off on **Saturday 27th January 2024** from 12pm until 5pm at the Pilots Row Community Centre in Rossville Street, in Derry.

Bristol ABC is calling for financial support!

It's been a long summer of prisoner support! Please see our chart with our spending from June – November 2023. We have consistently supported many people moving in and out of prison for resisting the police at the Kill the Bill demonstration in March 2021. We are coming into our third winter and our funds are at their lowest point. We are relieved that people are steadily finishing their sentences and leaving prison but that doesn't mean the support stops. Many people need help with living costs, rent and adapting to life outside. As of early December 2023, we are still supporting ten people behind bars for the KTB protests, and several other anarchist prisoners.

We support a number of family members to visit their loved ones across the country on a monthly basis.

We also continue to purchase books, CDs and clothing for people inside, as well as paying for their monthly canteen costs to enable them to purchase needed things and buy the phone credit they need to stay in touch with their loved ones. We know it is a financially difficult time for many right now and that fundraising is a constant challenge for many movements for liberation. We appreciate every single donation made and are asking folks to dig deep so that we can keep supporting people held in the state's cages for fighting back against this world of oppression!

Thank you so much for all your incredible solidarity so far.

SOLIDARITY WITH TRANSPORT WORKERS

Solidarity with our Transport workers taking part in 48 hour strike action on 15th and 16th December. The Industrial Workers of the World has extended the support and solidarity of its members at this time. In a statement released as transport unions began industrial action across the six counties, an IWW spokesperson said "The IWW wish to extend our support and solidarity to all transport workers and their respective unions of Unite the union, Siptu North and GMB Union as they engage in strike action for better pay for our public transport workers.

"They do so knowing that all public sector workers and the general public are fully behind their demands for better pay, amidst growing pressures financially on working class communities. It is unacceptable that workers once again workers are forced to face the consequences of chaos capitalism of Stormont and Westminster.

"We know that our class will stand by our public transport workers at this time to express their support and solidarity. Their victory will be a victory for all workers who continue to fight for better pay and conditions."

BARRICADE BULLETIN

Welcome to **Barricade Bulletin #24** created by **Derry Anarchist Collective**. Sadly our recent publications of this bulletin have become less regular during 2023. A lot of our energies have been consumed with other projects locally a some members of **Derry Anarchist Collective** are active in an number of different groups. From organising within our unions, such as the **IWW**, to prisoner support via **ABC** or **IWOC**, not to mention the forthcoming **Derry Radical Bookfair**. We are sure that normal service will resume in 2024 but in between times, some of our activities is listed within our social media pages listed opposite.

COME JOIN WITH US in the weeks ahead as we preparing for the **Derry Radical Bookfair** join with us to help organise this event. Likewise we call upon all our readers to continue the solidarity protests with workers in Palestine, who face daily terror attacks from the Zoinist Israeli regime as the world cries out for an immediate end this genocide.

Barricade Bulletin is printed and produced voluntary by the **Derry Anarchist Collective** to bring you info from anarchists in Derry. If you feel you would like to participate, to write or to get active and help build with other anarchists locally then please get in touch. Barricade Bulletin takes its name from the radical community news sheet printed and distributed during the period of Free Derry.
